

Region G Priorities/Goals/Strategies

Committee	Goal	Strategy	Action
Housing Stock Committee	Increase the supply of the full spectrum of housing that is affordable and attainable to Michigan residents.	Develop data-driven approaches to address housing needs specific to geographic areas (e.g. rural, suburban, urban) and demographic areas, and to support business development.	Complete Housing Needs Assessment.
Housing Stock Committee	Increase missing middle and workforce housing stock to facilitate greater housing choice.	Develop a toolkit for organizations and companies that documents the advantages of employer-assisted housing fund programs and how to establish one in order to retain and attract talent.	Create a plan to enhance collaboration between employers, economic development, and local municipalities.
Homeownership Committee	Create homeownership equity among different races and ethnic groups.	Expand programs that help households navigate the home-buying process with personalized culturally responsive assistance.	Increase the number of potential homeowners that follow through the homebuying process, take the classes and get pre-approved for a mortgage.
Homeownership Committee	Create homeownership equity among different races and ethnic groups.	Expand programs that help households navigate the home-buying process with personalized culturally responsive assistance.	Secure funding for lenders to hire case workers (lenders) to work more closely with first-time homeowner applicants.
Homeownership Committee	Increase homeownership among households with low to moderate income.	Create a public-private lend collaborative with involvement from CDFIs, to identify new ways to increase lending to low and moderate income homebuyers, including down payment assistance.	Create a public-private collaborative.
Homeownership Committee	Increase homeownership among households with low to moderate income.	Create a public-private lend collaborative with involvement from CDFIs, to identify new ways to increase lending to low and moderate income homebuyers, including down payment assistance.	Increase the number of households helped by down payment assistance.
Homeownership Committee	Increase homeownership among households with low to moderate income.	Create a public-private lend collaborative with involvement from CDFIs, to identify new ways to increase lending to low and moderate income homebuyers, including down payment assistance.
